

Well, we survived a full school week this past week and we are hoping to keep the momentum going until the end of the school year. As we continue our journey down the yellow brick road of the second semester, we want to remind and encourage our families to continue to work collaboratively with your student(s) and their teacher(s) so we can challenge, motivate, and inspire them to become the best version of themselves they can possibly be. That has been our mission since day one and we continue to hold strong to that sentiment. As always, please let us know how we may continue to help your child(ren) grow and develop in their academics and faith lives. With the coming of spring (somewhere out there), comes our annual benefit auction sponsored by WMS. We are still in need of help to make this event the best it can be so if you want to help out, we would be most grateful. This is our biggest fundraiser of the year and the proceeds of this event go towards our Tuition Angel Fund which helps all of our families with tuition assistance. To help promote and make this event more user friendly, we have again invested in GiveSmart, a fundraising management software that will allow us to better manage and advertise for our various fundraisers throughout the year. We strongly believe in connecting with as many people as possible and in today's world of technology, we believe this software is a good way for our parish and school to achieve that goal. Please check our website for more information about the auction and to access GiveSmart for online donation and bidding access. If you have any questions or concerns about anything school related, we encourage you to give us a call. Thanks again for your continued support and cooperation. We are truly blessed to have you in our family. God bless and stay healthy.
